

Fairbanks Animal Shelter Fund Lend A Hand

1. Fairbanks Animal Shelter Fund is the support group for the FNSB Animal Shelter and Department of Animal Control. We provide veterinary care, medications, supplies and equipment not included in the Borough budget. We also provide pet oxygen masks for the local fire departments. By far our largest expense each year is for veterinary services.
2. Our work is local and supported by a broad swath of the community. Money expended on supplies and veterinary care recirculates in the community except for items that must be purchased Outside.
3. As in past years, Lend A Hand funds will be used at local veterinary clinics.
4. Our mission is saving animals, so the funds received will be used so that Shelter animals can be stabilized and adopted, rather than euthanized.
5. Elevator Pitch: Would you like to support the Fairbanks Animal Shelter Fund. Your donation will be used to provide veterinary care for the local Shelter animals.
